90 cm
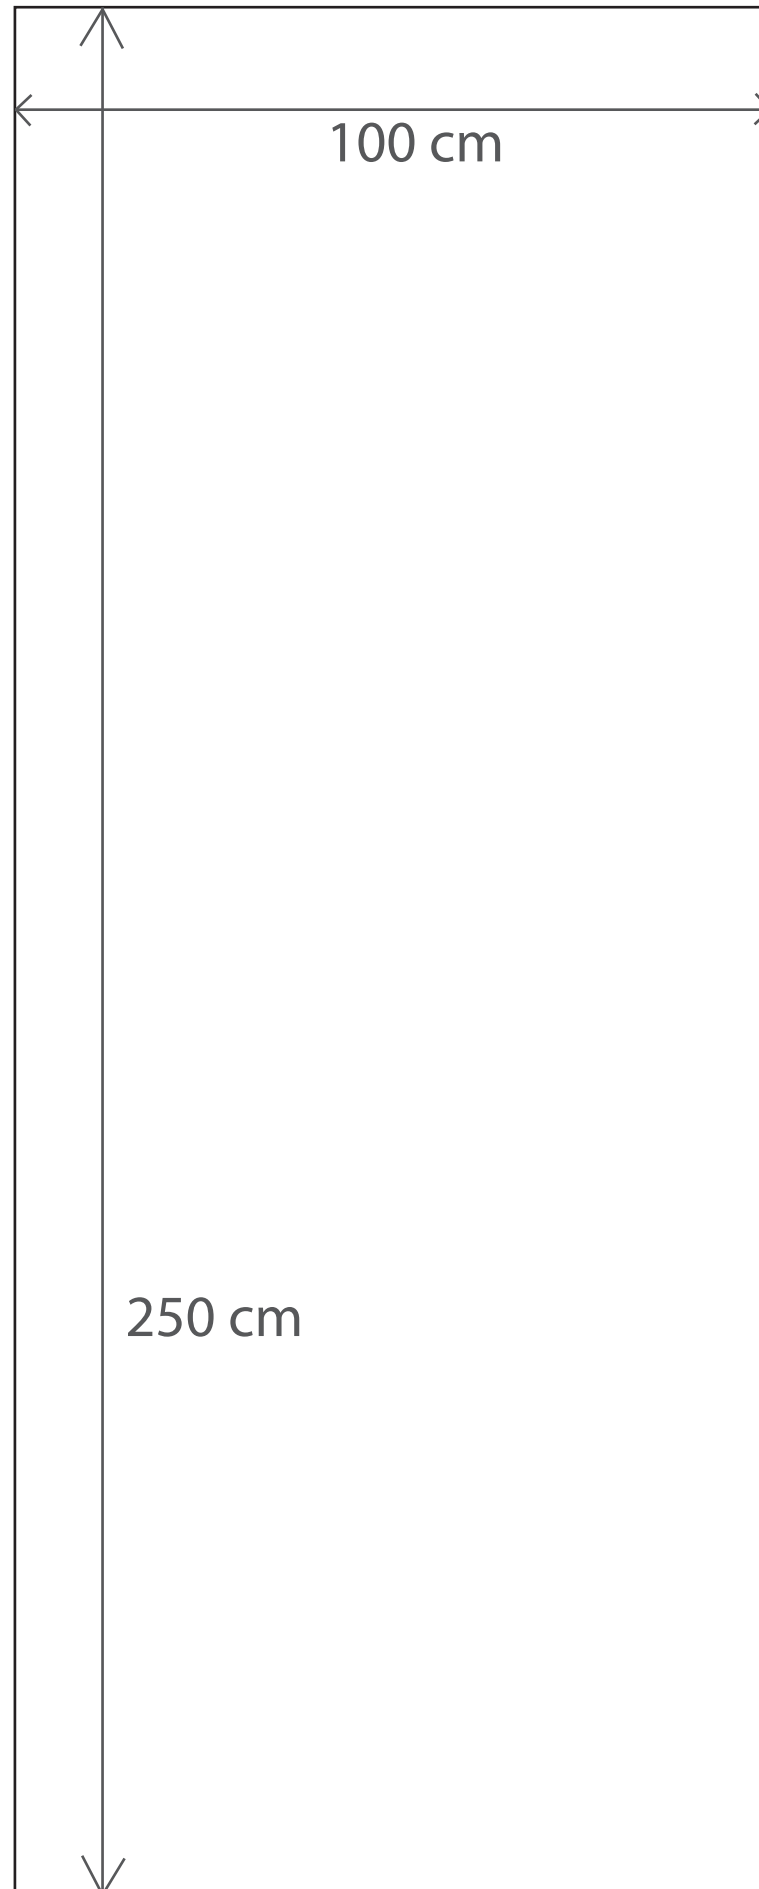

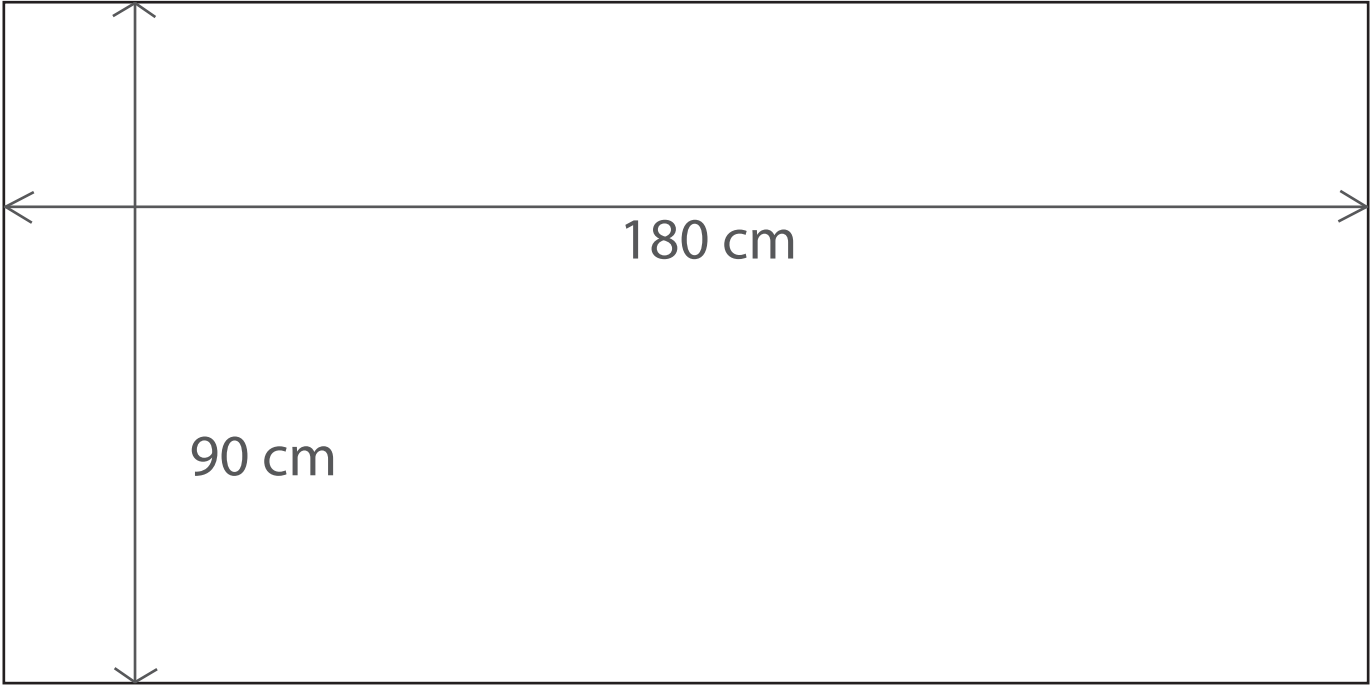

Additional instructions

Please, bare in mind that also for cubicle each wall is printed separately, so you need to also prepare **separate graphics for each wall**, even though the walls are connected to each other.

Please, add **10 cm of extra margin (bleed)** on all sides to each of the graphics.

Meaning, for example, graphics for the back wall is to be 250 x 250 cm effectively, while the full graphics file should be 270x270 cm.

Deadline

Your artwork for walls and expo counter must be delivered by the 9th of May the latest.
